mated remains present in an appropriate urn. Many prefer the deceased to be transported to the crematorium in a dignified container. We provide a selection for your consideration. Several have casket-like features but at prices far below that of standard burial caskets.

The Benefits of Pre-Arrangement.

More families than ever are making arrangements in advance. Pre-planning allows you the opportunity to make wise decisions at a time convenient to you, and relieves your loved ones from making decisions at a difficult time.

We offer a variety of pre-payment programs so everyone can choose an affordable plan made especially for them. Pre-payment saves you money because it locks in today's costs, which protects against price increases due to inflation and other factors.

Simple Arrangements.

Think of what a family must go through when a death occurs - arrangements with funeral directors, cemetery sales people, and lengthy ceremonies. Is it all necessary?

No. For years many have preferred the simplicity and dignity of cremation. Arrangements are made with only one licensed staff member from the Alabama Cremation Centers, Inc. We do everything else, including:

- Transportation from place of death
- Shelter remains temporarily
- Obtain necessary authorizations and certificates
- Provide a selection of cremation containers
- Optional memorial services
- Offering columbarium niches for permanent memorialization at pre-construction prices.

When You Select Cremation, You Still Have Choices.

A minimal cremation, as described above, may be right in certain circumstances, but others may require additional services. As the specialist in cremation services, we can assist you and your family with any arrangement, such as memorial services in our chapel, a church or any appropriate facility.
